

Michael Goudie

I was elected as a councillor in October at 22 years of age.

I have now been living in my district for just over 22 years and have always been keen to get amongst the issues unique to Rodney. I was an Orewa College Prefect and a First-Fifteen member, As a New Zealand champ in Motor Racing, I competed internationally in the years between 02' and 04'. I have also completed a business degree in Property at Massey University. As a councillor I remain ambitious with real visions, I focus on being mature and pragmatic in my decision making.
